HEALTH AND WELLNESS OEM SUPPLEMENT BOTTLES

AVIENT SOLUTION

OnColor™ Polymer Colorants

WHY AVIENT?

- Met stringent USP 661.1 'plastics materials of construction requirements' with compliant formulations
- Delivered required colors including amber tones, transparent blue, green, orange, and red
- Provided global formulations from localized manufacturing facilities implementing internal good manufacturing practices.
- Met cost targets while allowing flexibility between manufacturing sites

LEARN MORE

KEY REQUIREMENTS

- Colorants and additives pre-tested to USP 661.1 and ICH Q3D guidelines
- Broad range of colors in PET and olefin chemistries
- Cost-effective solutions in both liquid and solid forms
